## MEDIA CONSENT FORM 2021

### **ICT & Media Consent:**

#### **Photo, Video, Audio & Media Publication:**

At Creswick North Primary School, many photographs are taken of our students during class time as well as during special events.

Photographs and video are taken by staff and other students, and are usually used throughout the year for classroom purposes, presentations, assemblies, excursions, as well as for display around the school.

Photographs and student work can also be displayed in the school newsletter. The school has a Facebook page, but student pictures are not published on it.

Occasionally local media will feature student photos or artwork to display on local newspaper and Television.

The school takes every precaution to ensure that photographs and samples of student work are only used for the appropriate purposes.

#### **ICT usage:**

The Internet is used at Creswick North Primary School for educational purposes only. The internet is provided by the Education Department (DET) with strict safety features, as well as the school's own safety filters.

All students from years 3-6 are provided with individual log-ins and secure passwords, and cyber safety programs are run.

Students do not have school email accounts, and programs such as Facebook, Twitter, YouTube and other similar websites are not accessible for students.

Creswick North Primary School has a wide variety of technologies available for everyday student use, including desktops, laptops and iPads. Deliberate damage may incur repair costs to the student.

The school uses Classroom Dojo to communicate with parents and students, and also to showcase student work. In these cases, all work is approved by the teacher and can only be viewed by the parent, the student and the teacher.

*Note: If you have more than one student at the school, separate forms will be required for each child. This form will cover the duration of the student's schooling at Creswick North Primary School. You will need to notify the office if any part of the consent needs to be altered. If the form is not returned, it will be assumed that all points will be marked as 'yes'.*
